

## Carbon Reduction Statement

It is the policy of SGC Holdings Ltd TA SGC Security Services Ltd to reduce its environment impact wherever practical. Carbon reducing measures form an integral part of SGC Holdings Ltd TA SGC Security Services Ltd overall strategy, helping to improve both operational performance and a reduction in potentially harmful emissions to land, water and air.

SGC Holdings Ltd TA SGC Security Services Ltd medium-term plan is to work towards a realistic yet challenging target to reduce its carbon footprint 5% per year.

SGC Holdings Ltd TA SGC Security Services Ltd are also working towards being accredited with ISO 14001:2015

### **To help achieve a reduction in our carbon footprint, SGC Holdings Ltd TA SGC Security Services Ltd will:**

- Comply with all current energy legislation, seeking to meet or better legislative targets
- Minimize waste, promote recycling and the use of recycled products to help reduce the burden of landfill and therefore methane generation.
- Promote environmental awareness and responsibility amongst employees, partners, contractors and service users in projects in which SGC Holdings Ltd TA SGC Security Services Ltd are involved and will seek, where practicable, to continuously improve environmental performance.
- Evaluate and where possible adopt means of reducing travelling including ideas such as video conferencing.
- Use public transport especially within London whenever it is practically possible.
- Evaluate the potential benefits of homeworking for administration staff.
- Continue to invest and aim to convert to an all-in electric fleet. When this is not possible only operate highly energy efficient vehicles
- Expect partners and suppliers to have credible, measurable carbon footprint policies.
- Continuing to review and auditing all aspects of our ability to reduce our impact on the environment.
